## **PART 1 ANALYSIS OF GLOBAL METRO RAIL PROJECTS**

<b>1.1</b>	<b>Overview</b>	<b>7</b>	<b>1.8</b>	<b>Analysis of projects by type of developer</b>	<b>43</b>
1.2.1	North America	12	1.8.1	1.8.1 Projects being developed by private developers, PPPs	44
1.2.2	Latin America	13	1.8.2	Projects being developed by government	47
1.2.3	Asia Pacific	14	1.8.3	Analysis of projects by type of funding	49
1.2.4	Europe	15	<b>1.9</b>	<b>Expected or planned investment in metro rail projects</b>	<b>54</b>
1.2.5	Middle East and Africa	16	1.9.1	Expected investment in new build projects	55
<b>1.3</b>	<b>Analysis of projects by status</b>	<b>17</b>	1.9.2	Expected investment in network expansion and modernisation	56
1.3.1	Introduction	18	1.9.3	Expected investment in rolling stock	57
1.3.2	Projects under planning	19	1.9.4	Expected investment in STT systems	58
1.3.3	Projects under procurement	20	1.9.5	Expected investment in fare systems	59
1.3.4	Projects under construction and pre-construction	21	<b>1.10</b>	<b>Emerging opportunities and prospects</b>	<b>60</b>
1.3.5	Modernisation projects underway	22	1.10.1	Introduction	61
<b>1.4</b>	<b>Analysis of fare system, rolling stock and technology</b>	<b>23</b>	1.10.2	Opportunities for consulting companies	62
1.4.1	Analysis of fare systems	24	1.10.3	Opportunities for construction contractors	63
1.4.2	Analysis of rolling stock	26	1.10.4	Opportunities for rolling stock suppliers	64
1.4.3	Analysis of signaling and communications technology	27	1.10.5	Opportunities for fare system suppliers	65
<b>1.5</b>	<b>Analysis of projects by alignment</b>	<b>28</b>	1.10.6	Opportunities for power and technology system suppliers	66
1.5.1	Elevated rail projects	29	1.10.7	Open tenders	67
1.5.2	Underground rail projects	30	<b>1.11</b>	<b>Key high investment projects</b>	<b>70</b>
1.5.3	At-grade rail projects	31	1.12	Recent developments	72
<b>1.6</b>	<b>Analysis of projects by expected completion</b>	<b>32</b>	1.13	Risks and challenges	89
1.6.1	Introduction	33	1.13.1	Risks and challenges	90
1.6.2	Projects expected to be completed by 2025	34	1.13.2	Impact of COVID-19	91
1.6.3	Projects expected to be completed between 2026-2030	35			
1.6.4	Projects expected to be completed beyond 2030	36			
<b>1.7</b>	<b>Analysis of projects by cost</b>	<b>37</b>			
1.7.1	Introduction	38			
1.7.2	Projects with costs less than USD500 million	39			
1.7.3	Projects with costs between USD500 million and USD1 billion	40			
1.7.4	Projects with costs between USD1 billion and USD2 billion	41			
1.7.5	Projects with costs over USD2 billion	42
